

Animals action challenge

Move like different animals (jump like a frog, stomp like an elephant, and slither like a snake).

Can your family guess what animal you are? Maybe you could create some animal picture cards and take turns choosing one to copy the movements?

Habitat sorting

Using animals, toys or pictures, can you sort where they live?

What other ways could you sort your animals?

Book Talk

This topic we will be reading a selection of books based on our topic 'Walk on the wild side'

Create your own wild animal

If you could make your own wild animal, what would it look like? What head would it have? What body would you give it? Would it have a tail? You could draw or paint it or maybe even collage it by cutting up pictures of animals and sticking them together.

Or have a go on this website and ask your grown up to take a screenshot <https://switchzoo.com/newzoo/zoo.htm>

Wild explorer

What would you take with you if you were going to take a real 'walk on the wild side'? Write a list of things you think you would need.
